Instruction to Participants
(RCAP CoSpace Rescue Challenge)

General Information

1. League Confirmation

This information is for participants taking RCAP CoSpace Rescue Challenge only. If you are participating in CoSpace Auto-Driving or RCJ Rescue Simulation (CoSpace), please download the other map IMMEDIATELY.

2. Duration

You will have 24 hours to complete the task. Please submit the ".ics" file before UTC 23:59 on 22 October 2022.

You can use the UTC Current time & time conversion to convert UTC to your own region time: https://savvytime.com/converter/utc

3. Team ID, Team Name and Project Name

When you create a new project, use the Team ID sent by organizer as the Team ID and the Project Name. You can use your own team name.

4. Submission

a) You must include the version in the "ics" file.

b) Please **choose the correct category while submitting the "ics" file.**

5. Important notes:

a) To utilise the full capacity of the computer resources and have the best performance, we strongly suggest you close all other applications while running CoSpace Game.

b) **Kindly ensure that you have submitted the correct "ics" file and screenshot. The referee will download the "*.ics" file and run it on the official laptop to verify the score.**

c) **If you submit multiple "ics" files, <u>only the last submission will be accepted and used</u>.**
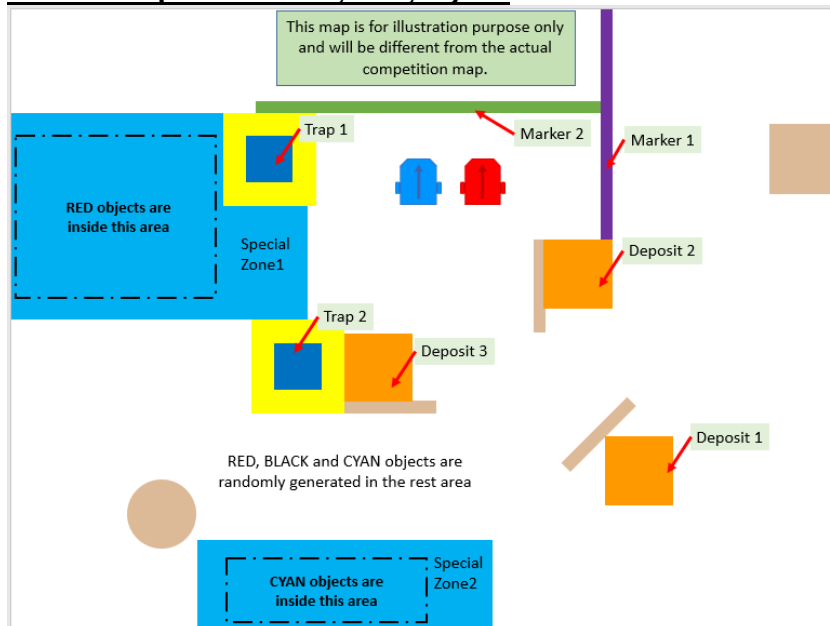

Challenge Task and Map

After launching the RCAP 2022 CoSpace Rescue map, please make sure you have selected correct category. The map layout below is for illustration purpose only and may be different from the actual competition map:
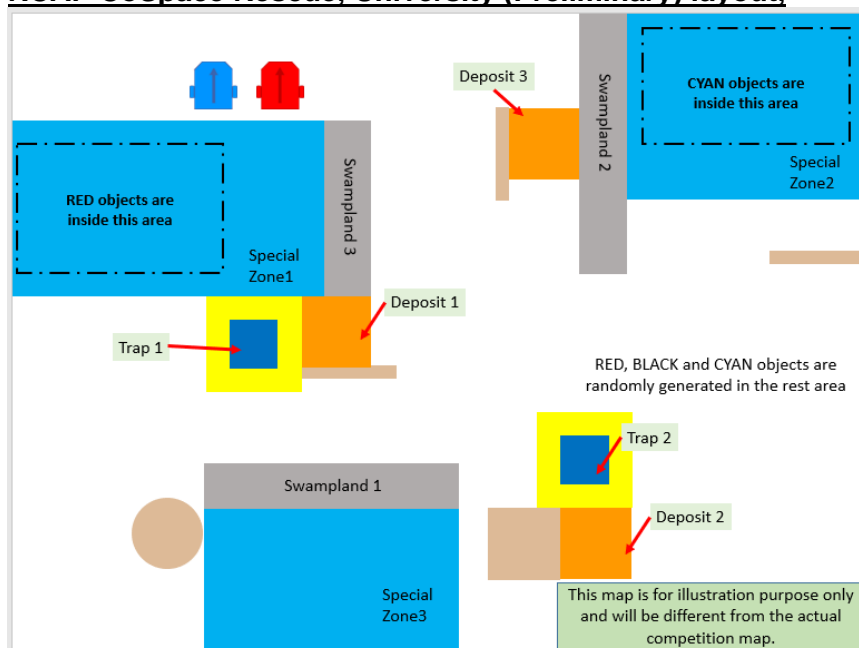

RCAP CoSpace Rescue, FirstSteps, U12, layout
RCAP CoSpace Rescue, FirstSteps, U19, layout
RCAP CoSpace Rescue, U12, layout

RCAP CoSpace Rescue, U19 layout,
RCAP CoSpace Rescue, University (Preliminary) layout,

Good Luck!
